Abdel-Hakim Ourghi
REFORM OF ISLAM
FORTY THESES FOR AN ISLAMIC ETHICS IN THE 21ST CENTURY
Translated from the German by George Stergios

Abdel-Hakim Ourghi’s Reform of Islam is an open indictment of prevailing conservative Islam which insists on the absolute subjugation of the body and mind of all Muslims. The author seeks a humanist understanding of Islam and aims to interpret Islam in today’s terms. He argues against the historical alienation and transfiguration that still shape the collective consciousness of Muslims in the 21st Century.

Using critical analysis and logic, the author aims to reveal the true core of Islam. His 40 Theses include:
• The freedom of the individual to interpret the Qur’an
• No scholars as mediators between God and man
• Islam does not claim to possess the absolute truth
• Only a reformed and open Islam is a religion of peace
• The Qur’an as the basis of a contemporary humanist ethics

Nadia Duvall
ISLAMIST OCCIDENTALISM:
SAYYID QUTB AND THE WESTERN OTHER

Sayyid Qutb (1906-1966) was the most important radical Islamist ideologue in modern times. This groundbreaking new study analyses Qutb’s thinking from his early years in Cairo to the radical Islamist stance he adopted towards the end of his life.

Occidentalism and Orientalism are mere “duelling essentialisms” and shows that Qutb’s views of the Christian European “Other” are much more nuanced. Of particularly importance are Qutb’s views on the West in the light of the escalation in violent attacks by militant Islamists targeting Western values.

The book covers, amongst others, the following topics:
- The discovery & perceptions of the West in the Modern Age
- Qutb’s early encounter with modern Western civilisation
- The West-East duality, and Qutb’s early views on Islam in relation to Christianity and Judaism
- Qutb’s Islamism as a drastic discontinuity of Islamic cumulative tradition

Mustafa Shah (ed.)
ISLAMIC THEOLOGICAL DISCOURSES AND THE LEGACY OF KALAM.
GESTATION, MOVEMENTS AND CONTROVERSIES (3 VOLS)

With a concern for context and history, this major reference work presents key academic contributions devoted to the study of early, classical and pre-modern Islamic theological thought. The aim is to provide a balanced survey of the research discourses which have shaped study of the rich legacy of Islamic theology and kalam.

Divided into three volumes and comprising over 40 articles, the collection includes an introduction which provides not only an assessment of key discussions and debates in the study of Islamic theology, but also examines significant developments in the field.

Vol. 1 History and Development
Vol. 2 Movements, Personalities and Controversies
Vol. 3 Concepts, Constructs and Themes
